Integrating Packaging Equipment, Materials, Production Services and Marketing Support

**Better Products • Better Prices • Better Service**

Check Weigher

Check Weigher with Metal Detector

## Check Weigher

### Features and Benefits

1. Applied advanced digital processing. High speed, stable weighing.
2. Special frame construction for extra stability and accuracy.
3. Easy to operate touch screen control.
4. Powerful data statistic function, with multiple memory program
5. Easy access to conveyer belt for easy maintenance/replacement.

### Technical Specifications

|                            |                         |
|----------------------------|-------------------------|
| Checking range:            | 10-1000g - .35oz-35 oz. |
| Accuracy:                  | +/-1%                   |
| Speed :                    | Max 60 bags/minute      |
| Working height:            | 800mm - 31.5"           |
| Effective checking height: | 80mm - 3.15"            |
| Effective checking width:  | 200mm - 7.87"           |
| Voltage:                   | 22V/50Hz, 400W          |

### Accessories

1. In feed and out feet conveyer.
2. Mechanical Rejection System
3. Warning signal
4. Wind prevent tunnel
