FILLERS

Manual Siphon Bottle Filler

Features

Economical unit for hand bottling of chemicals, acids, detergents, foaming liquids, oils, shampoos, and more.

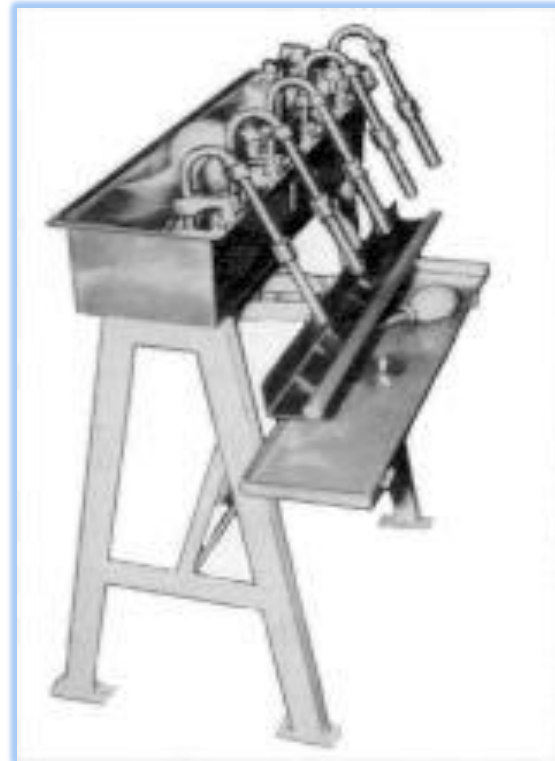

Fills containers up to 1 gallon. Works with a wide range of bottle styles and materials - plastics, metal, glass.

No electricity or air pressure required for operation.

Five spouts. Can be easily operated by unskilled workers.

Filling nozzle sizes can be changed, based on size of container and mouth opening.

Can bottle up to 30 bottles/minute, depending on bottle size and nozzle.
