

BPS 120 Pallet Wrapper Technical Parameters

Turntable diameter	φ 1650mm	64.9 in
Packing height	2400mm	94.4 in
Wrapping specification	(600 - 1200) × (500 - 1200) mm (L×W) (23.6 - 47.2) x (19.6 - 47.2) in	
Turntable height	78mm	
Turntable load-bearing	less than 2000kg	4409.2 lbs
Power	1.5kw	
Voltage	Single phase 220v	
Speed	0~12r/min	
Packaging Materials	LLDPE stretch film	
Film Thickness	17~35μm	
Film Width	Film Inner Core Size: 76.2mm 3 in	
Max Outer Diameter of Film Roll	Roll 240mm	9.4 in

Additional options: Ramp, Scale & Top Press

Features:

- Fully enclosed electrical cabinet to prevent dust from entering and extend the service life of devices.
- Protection level with IP54, conform to CE standards.
- Equipped with origin start and random start functions, which can more flexibly adapt to customer packaging needs.
- New film frame design, the stretching effect of the stretch film is more uniform and smoother.
- Unique balance adjustment wheel design reduces turntable noise and makes maintenance much easier.
